

Marriage is a wonderful God-Created Institution

"Therefore a man shall leave his father and mother and be joined to his wife, and they shall become one flesh." Genesis 2:24

Your decision to get married is one of the most important decisions you will make in your lifetime. This decision is not to be entered into lightly, but prayerfully and with spiritual guidance.

God's design for marriage is that it be a permanent bond. When entering into marriage, you are making a covenant or a binding, unbreakable agreement with your partner and with God.

Windsor Village UMC wants to equip couples with the proper tools to help them make the right decisions about marriage. We offer Pre-Marital preparation workshops to all single adults who are engaged or contemplating marriage in the near or distant future.

This workshop is required for all couples who are getting married by a Pastor or Minister of Windsor Village UMC. All Windsor Village members having their ceremony performed by clergy other than those of our church are strongly encouraged to take the workshop.

Our Pre-Marital Workshop is registered with the *Together In Texas* program. All couples that successfully complete the workshop will receive a special certificate, good for a \$60 discount on their Texas marriage license fee.
