

## "STAND IN YOUR 'POCKET'!"

## I. INTRODUCTION

I pray, hope and believe this calendar new year, 2019, will be your best and most blessed (ever)! As I have shared previously, if we are to have a "Happy New Year," we will have to work with God to make it a happy new year. No one is passing them out – indiscriminately or otherwise.

There is no shortage of spiritual or secular Happy New Year advice. Today, however, I offer God's advice about how to position yourself to live a more peaceful, productive and powerful life. This advice would be good on any day, but it seems particularly applicable on the first weekend in January. Today's message focuses on prayer, specifically intercessory prayer. When the message is over, you will have a clearer understanding about: a) what intercessory prayer is; b) exactly why you need it; c) how it adds quality to your life; and d) why your enemy detests it.

The Lord God Almighty has created a "pocket" just for you. You are destined to score and be victorious when you can stand tall in your prescribed "pocket"; scan the field; and choose the right options.
