

A Prayer for the Continued Education of Science and Technology Professionals

Scripture Reading:

Psalm 105:1-8, James 1:5-6

Reflections of the Heart:

“Intellectual growth should commence at birth and cease only at death.” – Albert Einstein

ONE Prayer:

Eternal Father, we bless You. Thank You for the people placed in the lives of science and technology professionals as encouragers. Thank You, Lord, for science and technology professionals who have experienced successes as a result of their education. Thank You that they recognize the power of knowledge and understanding. They will praise Your Name with singing and glorify You with thanksgiving. They will praise You, Lord God of Israel, who made the heavens and the earth! The Godly will rejoice in You, Lord, and find shelter. And those who do what is right will praise You. Your unfailing love, O Lord, is as vast as the heavens; Your faithfulness reaches beyond the clouds. Your righteousness is like the mighty mountains; Your justice is like the ocean depths.

Triumphant Father, You said it is much better to get wisdom than gold, to get insight rather than silver! We confess that science and technology professionals will listen to Your words and store Your commands in their hearts, turning their ears to wisdom and hearts to understanding. They will see themselves as Your masterpieces, created anew in Christ Jesus so they can do the good things You predestined for them. They will use their platform to encourage, support and mentor science and technology partners, families and members of the community to strive for greater knowledge through continued learning practices. Their lives will reflect Your Word which states, just as honey is good and sweet to taste, wisdom is like honey for people who find it – they will have a bright future and their hopes will not be cut short.

Holy Spirit, reveal how I can pray for the continued education of science and technology professionals:

Holy Spirit, please draw any unbelieving science and technology professionals to our Father. Dispatch laborers into their paths who will minister to them the Gospel of Jesus Christ so that they will call upon Your Name and be saved. Please help all science and technology professionals to recognize that continued learning and growth in Your Word glorifies You. Give them creative and innovative ideas that have never been seen or heard in the world. Empower all science and technology professionals globally to have lifestyles that place emphasis on continual education. Give them keen discernment to make wise decisions for themselves, their families and their organizations.

Merciful Father, forgive science and technology professionals for all acts of sinfulness, including jealousy, contempt, pride, bitterness, criticism, lying, gossiping, hatred, malice, holding grudges and seeking revenge. Forgive them when they exercise acts of unforgiveness toward others within their profession who have learned their craft differently and can execute with excellence. Lord, forgive me for ***(list any sins that you have committed)***. Holy Spirit, remind all science and technology professionals of those they need to forgive and help them to be quick to forgive. As for me, Holy Spirit, bring to my remembrance those I need to forgive. ***(Take a moment and ask the Holy Spirit to reveal names or faces of people that you may need to forgive. As He reveals them, say “I forgive name of person(s).” Now, trust the Lord to heal any wounds in your soul caused by unforgiveness.)***

Holy Spirit, help all science and technology professionals not to yield to temptation but deliver them from the evil one.

No one is holy like the Lord! There is no one besides You. There is no Rock like You, our God. Be exalted, O God, above the highest heavens. You are awesome in Your sanctuary. You are the God of Israel, who gives

power and strength to His people. Praise be to You, O God! May Your glory shine over all the earth. In Jesus' Name, Amen.
